INSTRUCTION MANUAL

WARNING: PHOTSENSITIVITY / EPILEPSY / SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your doctor before playing.

IMMEDIATELY DISCONTINUE use and consult your doctor before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness • eye or muscle twitches • disorientation • any involuntary movement
- altered vision • loss of awareness • seizures or convulsion.

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR DOCTOR.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far a way as possible from the screen.
- Avoid prolonged use of the PS Vita system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

PRECAUTIONS FOR USE

- Keep the PS Vita game card out of the reach of small children to help prevent accidental swallowing.
- This game card is for use only with the PlayStation®Vita system. Use of this game card with other devices may damage the device or the game card.
- Do not touch the game card terminals with your hands or with metal objects.
- Do not allow the game card to come into contact with liquids. Do not bend or drop the game card or otherwise expose it to strong physical impact.
- Never disassemble or modify the game card.

PRECAUTIONS FOR USE

Do not use or store the game card in the following locations or under the following conditions:

- In a car with the windows closed (particularly in summer)/in direct sunlight/near heat sources
- In high humidity or corrosive environments.
- Be sure to insert the game card in the proper orientation.

The data on the game card may be lost or corrupted in the following situations:

- If the game card is removed from the system or if the system power is turned off while data is being read from or written to the game card.
- If the game card is used where it can be affected by static electricity or electrical noise.

If, for any reason, data loss or corruption occurs, it is not possible to recover the data. Backing up data regularly is recommended. Sony Computer Entertainment Inc. and its subsidiaries and affiliates will not be held liable for any damages or injury in the case of data loss or corruption.

FCC AND IC NOTICE - PART 1

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
 - (2) this device must accept any interference received,
including interference that may cause undesired operation
- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

FCC AND IC NOTICE - PART 2

- However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Story

Gamarket...

Similar, but separate from the world known as Gamindustri...

Blanc, also known as **White Heart**, guards the nation of Lastation.

Neptune, also known as **Purple Heart**, guards the nation of Planeptune.

Blanc, also known as **White Heart**, guards the nation of Lowee.

Vert, also known as **Green Heart**, guards the nation of Leanbox.

In order to unite the nations of this world, the four CPUs (Console Patron Units) compete with one another and fight for supremacy.

Right before Noire attains her ambition for a united Gamarket under Lastation's rule, **Blanc** cuts off the source of the four CPUs' powers - their Shares.

To save their world, which has been thrust into a state of chaos, the CPUs decide to join forces in order to bring Gamarket together under one single, unified banner.

But what role will Noire play in this brand-new adventure...?

Characters

The current protagonist. She is the CPU who guards Lostation, one of the four Gamarket sectors. Noire has trouble being true to her feelings, which in turn leads her to say things quite opposite of what she's thinking.

Neptune

The protagonist of the Neptunia series. She is the CPU who guards Planeptune, one of the four Gamarket-sectors. Positive and energetic to a fault, her personality can lead her into trouble occasionally.

Blanc

The CPU who guards Lowee, one of the four Gamarket sectors. While normally she's a reserved person, of a few words, once angered she becomes violent beyond restraint. Out of all the CPUs Blanc looks the youngest, which is a sore spot for her.

Vert

The CPU who guards Leanbox, one of the four Gamarket sectors. Because she looks the oldest out of the CPUs, she's taken on the big sister role of the group. She's actually quite the hardcore gamer. Vert loves cute girls so much that she loses herself anytime she sees one.

Characters

Histoire

She used to be the Oracle for Planeptune. In this installment, however, she's become the supervisor for Noire and all the other CPUs.

A young man who has suddenly become Noire's secretary for some reason. He supports Noire's adventure from the shadows.

Generals

The characters who inhabit Gamarket's various cities. Will Noire be able to develop friendships with each of them?
